Mr. Portz will be in DC week of May 16, staying at Army Navy Club. He would like to lunch with you there and suggested May 18. You have something on your calendar for that time and I told him so; he also suggested 17 and 19 May but they both look bad to me. I said maybe you could just get together for a meeting. He is expecting to hear from us. Which would you like to do?

we'll just have to work it out when he gets here (that's the wk CBS will shoot) H
